

ROCKY MOUNTAINEER

OPTIONAL SIGHTSEEING EXPERIENCE

ARCHES NATIONAL PARK

Arches National Park is one of five National Parks in Utah. Each of these “Mighty Five” parks claims its own way of showcasing the magnificent geologic diversity of the Colorado plateau. Arches National Park tours showcase the more accessible of more than 2,000 arches - the highest concentration of arches on the planet. Touring through this Jurassic aged wonderland provides a glimpse back in time when gentle geologic forces from deep below the surface bulged upward to crack the surface sandstones into fins. Telling you the secret of how these fins of sandstone then became delicate ribbons of stone suspended in mid-air is a mystery we will leave for the tour. Step right this way!

SIGHTSEEING TOUR - Half Day Arches with lunch

Operated by the Moab Adventure Center

Duration 4 Hours (Max Capacity of 48)

Created just for Rocky Mountaineer guests, experience one of Utah's 'Mighty 5', Arches National Park, with this unforgettable, custom tour. With over 2,000 natural stone arches and hundreds of soaring pinnacles, massive rock fins and giant balanced rocks, you'll be immersed in a red rock wonderland. From the comfort of an air-conditioned motorcoach, a local guide will take you through the National Park, pointing out sights of interest with stops at some of the most famous landmarks including LaSal Mountain Viewpoint, Balanced Rock, Delicate Arch, Fiery Furnace, Sand Dune Arch and Windows Section. Each of these stops include a walk to each of the formations, ranging from 100 feet to 3 miles, with some incline, so be prepared to explore some of the park by foot. Lunch is included with this tour.
